

## Foundation Supporter Membership

Over the past 12 months Chapman Oval has undergone a major redevelopment. The club is on the cusp of an exciting new era. The site has been transformed into a multi-sport complex comprising 3 x full size soccer fields and a cricket pitch. The club will provide great facilities and environment for our children and the community to enjoy. A new club house doubling in size to cater for the ever increasing female participants will be completed around March / April 2011.

Swansea FC is the delegated manager of the facility. The fields are new and still require extensive funds to ensure the grass is properly established. This requires additional top dressing, fertilising and weed management. Additionally, the club is seeking to establish facilities including training aides and programs that will ensure the ongoing success of the club.

If we provide a good foundation for the club now, the club will be easily sustainable for the foreseeable future. Please assist. It is our vision to provide a framework and environment that can locally produce champion players.

## The Opportunity

An opportunity exists to celebrate the redevelopment by having your loved ones names permanently inscribed on a Foundation Supporter Membership Board located within the club house. A listing will also be maintained on the Swansea FC web site. The offer will close at the end of March 2011 such that the boards can be made available for the opening of the facilities.

**Cost is \$120 per family or \$60 per individual.**

A gift certificate can also be easily downloaded from our website.
